2. (a) Determination of residential status

Mr. Raghu would be a resident in India in P.Y. 2020-21, if he satisfies any one of the following conditions:

Expected rent	= Rs.50,000 being higher of -
	Fair rent = 1,00,000 x 6 /12 = Rs.50,000

Notes:

- (1) The deduction under section 80CCD(1B) would not be subject to overall limit of Rs. 1.50 lakh under section 80CCE. Therefore, it is more beneficial for Mr. Dhyanchand to claim deduction under section 80CCD(1B) first in respect of contribution to NPS. Thereafter, the remaining amount of Rs. 1,60,000 can be claimed as deduction under section 80CCD(1), subject to a maximum limit of 10% of salary i.e. Rs. 1,40,000.
- (2) The entire employer's contribution to notified pension scheme has to be first included under the head "Salaries" while computing gross total income and thereafter, deduction under section 80CCD(2) would be allowed, subject to a maximum of 10% of salary. Deduction under section 80CCD(2) is also not subject to the overall limit of Rs. 1,50,000 under section 80CCE.

(b) (i) Tax on services supplied by a recovery agent to, *inter alia*, a non- banking financial company (NBFC) is payable under reverse charge by such non-banking financial company.

Therefore, in the given case, person liable to pay GST is the NBFC - Neelkanth Credits Ltd.

- (ii) As per section 13(3) of the CGST Act, the time of supply of service on which GST is payable under reverse charge is earlier of the following:-
 - Date of payment as entered in the books of account of the recipient (18th April) or the date on which the payment is debited in his bank account (20th April), whichever is earlier;
 - Date immediately following 60 days since issue of invoice by the supplier, i.e. 9th April.

Thus, time of supply of service is 9th April.

- **3.** (a) As per section 22 read with *Notification No. 10/2019 CT dated 07.03.2019*, a supplier is liable to be registered in the State/Union territory from where he makes a taxable supply of goods and/or services, if his aggregate turnover in a financial year exceeds the threshold limit. The threshold limit for a person making exclusive intra-State taxable supplies of goods is as under:-
 - (a) Rs. 10 lakh for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.

- (b) Rs. 20 lakh for the States, namely, States of Arunachal Pradesh, Meghalaya, Puducherry, Sikkim, Telangana and Uttarakhand.
- (c) Rs. 40 lakh for rest of India except persons engaged in making supplies of ice cream and other edible ice, whether or not containing cocoa, Pan masala and Tobacco and manufactured tobacco substitutes.

The threshold limit for a person making exclusive taxable supply of services or supply of both goods and services is as under:-

- (a) Rs. 10 lakh for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.
- (b) Rs. 20 lakh for the rest of India.

As per section 2(6), aggregate turnover includes the aggregate value of:

- (i) all taxable supplies,
- (ii) all exempt supplies,
- (iii) exports of goods and/or services and
- (iv) all inter-State supplies of persons having the same PAN.

The above is computed on all India basis. Further, the aggregate turnover excludes central tax, State tax, Union territory tax, integrated tax and cess. Moreover, the value of inward supplies on which tax is payable under reverse charge is not taken into account for calculation of 'aggregate turnover'.

Section 9(2) provides that CGST is not leviable on five petroleum products i.e. petroleum crude, motor spirit (petrol), high speed diesel, natural gas and aviation turbine fuel. As per section 2(47), exempt supply includes non-taxable supply. Thus, supply of high speed diesel in Delhi, being a non-taxable supply, is an exempt supply and is, therefore, includible while computing the aggregate turnover.

In the backdrop of the above-mentioned discussion, the aggregate turnover of Fair Oils for the month of April is computed as under:

S. No.	Particulars	Amount (in Rs.)
(i)	Supply of machine oils in Delhi	9,00,000
(ii)	Add: Supply of high speed diesel in Delhi	18,00,000
(iii)	Add: Supply of machine oil made by Fair Oils from its branch located in Punjab	<u>12,00,000</u>
	Aggregate Turnover	39,00,000

Fair Oils is making exclusive supply of goods and hence the threshold limit for registration would be Rs. 40,00,000. Since the aggregate turnover does not exceed Rs. 40,00,000, Fair Oils is not liable to be registered.

(b) Narayan Singh is required to issue a receipt voucher at the time of receipt of advance payment with respect to services to be supplied to Shelly. A receipt voucher is a document evidencing receipt of advance money towards a supply of goods and/or services or both. A registered person, on receipt of advance payment with respect to any supply of goods or services or both, shall issue a receipt voucher or any other document, evidencing receipt of such payment.

Where, on receipt of advance payment with respect to any supply of goods or services or both the registered person issues a receipt voucher, but subsequently no supply is made and no tax invoice is issued in pursuance thereof, the said registered person may issue to the person who had made the payment, a refund voucher against such payment. Therefore, in case subsequently no services are supplied by Narayan Singh, and no tax invoice is issued in pursuance thereof, Narayan Singh may issue a refund voucher against such payment to Shelly

- 4. (a) Petroleum crude, diesel, petrol, ATF and natural gas are presently not leviable to GST. GST will be levied on these products from a date to be notified on the recommendations of the GST Council.  - (b) In GST since the returns are built from details of individual transactions, there is no requirement for having a revised return. Any need to revise a return may arise due to the need to change a set of invoices or debit/ credit notes. Instead of revising the return already submitted, the system allows changing the details of those transactions (invoices or debit/credit notes) that are required to be amended. They can be amended in any of the future GSTR- 1 in the tables specifically provided for the purposes of amending previously declared details.

As per section 39(9), omission or incorrect particulars discovered in the returns filed u/s 39 can be rectified in the return to be filed for the month during which such omission or incorrect particulars are noticed. Any tax payable as a result of such error or omission will be required to be paid along with interest. The rectification of errors/omissions is carried out by entering appropriate particulars in "Amendment Tables" contained in GSTR-1.
